

The art of every step!

GREY

- ABOUT US

GREY is a well-known brand of anatomical and comfortable shoes with a tradition that dates back to 1971. The change in ownership structure comes at the end of 2018. and GREY starts a new and modern era of business. The foundations of anatomical-orthopedic shoes remain the core of production as well as top quality. GREY is known for several timeless models of shoes that after 40 years are the favorite choice for working and home shoes, and leisure shoes. In addition to a comfortable anatomical base, the most favorite feature of GREY is the stability and quality of shoes. Carefully selected materials and traditional way of making are a guarantee of longevity.

GREY shoes are intended primarily for people who do not compromise in health and price, for comfortable walking and spending most of their days on their feet. The special features of the GREY anatomical cartridge are the structure of the air chambers that allows amortization during walk. In this way, the feet are relieved, pain is reduced, the feeling of fatigue and pain of swollen feet is removed, giving a sense of ease even after a busy working day.

- VISION

New Grey d.o.o. will remain a quality and reliable business partner in the future.

With continuous investment and business improvement, we wish to achieve new business success to the satisfaction of all users of GRAY shoes.

- MISSION

By professional approach and offering quality footwear, we will provide a more comfortable and free life for people who value traditional production, uncompromising comfort, stability of the steps and material quality.

SHOES FOR EVERY DAY

- Model: **RELAX** – article No. 0400

Purpose:

The RELAX model is an anatomic slip for gentle acupressure massage.

During the production process of the slides, we used knowledge about the reflexology of the soles, with the goal of raising your physical and mental condition while gently massaging. Regular wearing of the RELAX slides can be beneficial to general fatigue, insomnia, coordination of movements, muscle cramps, physical stress, spleen pain, increased sweating and poor circulation.

RELAX slides are made of soft PVC material and allow easy maintenance of foot hygiene.

Colors:

White (women) 0400 – 010

Black (women and men) 0400 – 070

Sizes: (two-numbers)

Women: 35-36 / 37-38 / 39-40
